

SEE WHAT
PEOPLE SAY ABOUT
IMPROV TRAINING

"While I consider myself an effective communicator, Koncept Carma's Improv Training made me realize how often I inhibit myself from relating to others simply through sentence structure and nonverbal communication. Their exercises taught me simple ways to open up the doors of opportunity in both my business and personal life, and I know my organization will benefit greatly from it."

- Danielle Abbey, Central Florida Jobs Initiative

AMAZING...

"As a matter of fact I do have feedback...the Improv class is amazing! Far better than what I had expected. I would recommend it for any of my friends. Thank you for putting all that together. I will be sending as many as I can your way."

- Travis Spilliard

THEY ACTUALLY USE WHAT THEY LEARN...

"We had a fabulous time! The exercises were so much fun! The incorporation of sales techniques with Improv was definitely thought provoking. We're still talking about it. Even used a couple of tips today."

- Lori Davis, Owner of Enviroclectic Designs
